The venues will offer a firsthand experience of crafts created with Japanese "artisan techniques," with more than a hundred years of history and designated as a traditional craft by the Minister of Economy, Trade and Industry.

On the day of the exhibit, we also plan to hold workshops where visitors can make traditional crafts by hand! With workshops on enameling, hand forming, and abacus making,

the exhibitions will offer a firsthand experience where visitors are taught by the artisans themselves.

* The contents of the workshops will vary from venue to venue. * The number of participants is limited.

What's more,

in connection with the 2020 Tokyo Olympics and Paralympics this summer, we also plan to sell the Traditional Crafts Collection, a Tokyo 2020 Official Licensed Product, at the venues. These limited-edition collectors' items are too good to miss!

Buy a set for daily use, as a souvenir, or as a special memento.

Enjoy traditional Japanese culture to the fullest this winter at AEON Malls!
